## LAST OF THURSDAY HOLIDAYS TOMORROW

### THREE THOUSAND NEEDED NOW FOR PATRIOTIC FUND

An urgent appeal is made to subscribers to the Patriotic Fund in Wainwright for the payment of sums pledged. Others who have not been appealed to before, for subscriptions are now being asked to do their share in bringing the amount allotted to Wainwright up to expectations.

There have fallen behind in the payment to this fund is scarcely chargeable to the collectors not calling. We had some responsibility in the matter too. We could have called and seen the treasurer, P. C. Haynes at once, if he would not take a certain amount and call it a quare.

This year the town of Wainwright promised to raise three thousand dollars to this fund and up to the present only a little over five hundred dollars have been secured. Outside points have all done remarkably well in meeting their share of the budget, and when we think of the little town of Edgerton raising over thirteen hundred dollars already and Wainwright only having contributed five hundred dollars we may well be amazed and humiliated. The whole constituency was supposed to raise eight thousand dollars. Of this amount \$5,365 has already been collected. The bulk of this money has come from little places like Edgerton, L.I.D. 422, Gilt Edge, Vale Municipality, as the following statement will show:

Irma	108.00
L.I.D. 422	1000.00
Larrow	210.00
Greenfields	253.65
Heath	264.75
Chowen	153.25
Edgerton	1,348.00
Ribstone	59.00
Vale Municipality	600.00
Wainwright	563.10

Total \$5,365.65. In a number of cases, of course, the amount was raised by municipalities making a grant to the fund which of course came from the people through their taxes. This town is far below what it is expected to do and it is the hope of the officers of the fund here, within the next fifteen days, to redeem our town's otherwise good name.

### WORLD NEWS IN BRIEF

Schultz, died this week after a game of tennis, expiring on the ground.

The Germans it is officially reported, are finding difficulty in securing men to fill their depleted ranks.

The big Italian drive seems to be working havoc on the Austrians and as it continues there seems the likelihood of a big victory.

The frightful atrocities of the Germans continue. The latest is the turning of their big guns on Military Hospitals.

The Huns are now using a gas which is described as hellish. It has an odor resembling garlic. It kills.

The Argentine Republic is getting ready to break diplomatic relations with Germany. This action comes out of the Germans sinking the steamer Toro of the Argentine.

The Russians seem to continue to support Kerensky and are fighting a little better for it.

Disastrous forest fires are again raging in British Columbia, and are said to be the worst in the history of the country around Nelson.

Britain wants no more Canadian bacon, and the food controller has given the Dominion notice to that effect. This should mean much lower prices in Canada, and one who is not in error with prevailing high prices.

### INTERESTED IN STAR'S LINO TYPE MACHINE

Geo. Wilbraham, of Irma was a visitor here over the weekend and gave the Star office a call. He was much interested in the Star's new linotype machine, a great contrast between it and the old method of hand setting type he thought, used in his earlier days. He referred also to the old printing press on the type he used to roll ink on the type by hand, as a boy over forty years ago. Mr. Wilbraham reports crops as fair to good average around his place just west of the Battle River bridge, also that a lot of breaking has been done by his neighbors. He is also optimistic that Hawkins station will soon be put to some use after all.

### THURSDAY HALF HOLIDAYS END

The July and August Thursday half holidays come to an end tomorrow (Thursday), and stores will remain open afterwards on that day throughout fall and winter, except by special proclamation of the Province or Dominion.

Merchants and their clerks, professional men and their office help as well as men in other lines of work have in the past two months enjoyed these half days off which gave them an opportunity of visiting the summer resorts and the prospect of setting down again to the regular unbroken tasks of the week must come with a little resentment. They must now live on anticipation of the great national holidays like "Labor Day," Thanksgiving and Christmas, etc.

HARVESTERS ARRIVING—Winnipeg, Aug. 26.—Nearly 8,000 harvesters from western Ontario arrived in the city on Sunday, 1,800 travelling by the Canadian Pacific railway and 7,000 by the Grand Trunk Pacific and Canadian Northern Railways. The next harvest specials over the C. P. R. will arrive tomorrow.

DEPORTED—Petrogard, Aug. 26.—General Gurko, ex-commander on the southern front and recently arrested for expressions of loyalty to the emperor, is to be sent abroad, it is announced, under a new law enabling the government to expel persons regarded as dangerous to the welfare of the empire.

Harvesting is in full swing in this district and the farmers are pretty well satisfied with the way the crops are turning out.

Mr. C. E. Van Dyke, of Sarnia, Ontario is spending a couple of months visiting his son, N. G. Van Dyke, at Dole.

There being five Thursdays in this month there will be no Rebekah lodge meeting tomorrow night.

Have you done your duty. Your last opportunity to subscribe to the Patriotic Fund and assist the wives and families of our men at the front.

Mrs. Metcalf, of Hayward, Iowa, U.S.A., who has been visiting her sister, Mrs. N. Merrick for the past week or so returned home last Saturday.

Mr. H. C. Munn, Manager of the Merchants Bank, has disposed of his McLaughlin car and purchased a big six from Bud Simmerman local dealer.

Lovers of flowers will be interested in the large bouquet brought into town by Mr. Dolphin today. They might be seen at Beaudry's.

Notice is given of the regular meeting of the U.E.W.A. meeting to be held in the Council Chambers on Saturday afternoon, September the first at 2.30.

The big general picnic held at Mott Lake last week under the auspices of the Sunday schools was self supporting through the sale of tickets to the public and by means of the booth on the grounds. Next week the treasurer will give an account of receipts and disbursements for the satisfaction of all concerned.

There is nothing to grumble at as far as the crops are concerned in this district this year. They are allowed themselves to believe are a great deal better than farm a few weeks ago. A great many will have between forty and fifty bushels to the acre and this general average will be a good one.

### SCHOOL OPENING SEPTEMBER FOURTH USUAL CEREMONIES

Vacation days are gradually passing away. Only so many more days till school begins again. The fact of the matter is school will be in full swing again before there is another issue of the Star and reading, writing, arithmetic and all the other charming words of the school curriculum will be heard everywhere.

The official opening of the school will take place on the morning of Tuesday, September 4th at 9 o'clock. There will be the usual opening ceremonies including the raising of the flag by the wife of the chairman of the trustee board, Mrs. V. E. Graham, and speeches by the members of the board and others.

The general public are invited to be present and more especially the parents of children intending to attend the school for the fall term.

Judging from the number of new applicants the attendance this year in the various grades will be the largest in the history of the school. A great many high school pupils from outside points will be in attendance. This department will be in the care of the principal W. S. Brodie and Miss McAllister, while with Miss B. Parsons, Miss McLean and the Misses Jones in the other grades, the school should enter upon a most efficient term of work.

W. S. BRODIE, Principal

Who begins his third year as principal of Wainwright Schools, next Tuesday morning.

OVERLAND AGENT  
NOW AT EDGERTON

Charles Waite has accepted the agency for the Overland cars with headquarters at Edgerton. Next week he will have a carload of new Overlands to "unload." Mr. Waite's territory is not confined to Edgerton and district alone. He has the privilege of touring the country demonstrating the qualities of the car.

Next week a big announcement will appear in this paper from Mr. Waite for which the public should watch as to day when he will visit the town and district.

One of Wainwright's schools which is being enlarged to accommodate incoming numbers of pupils.

### G.W.V.A. NOTICE TO THE PUBLIC OF VITAL IMPORTANCE

This association is compiling a roster of all men who have enlisted with the Canadian Military or Naval Forces of His Majesty, from the Wainwright district. Anyone knowing of any men who have enlisted from this district are earnestly requested to notify the Sec. A. J. Logan immediately with the following information: Name in full; Rank; Reg. Number; Regiment; Next of kin; Name and address, or any portion of the above information required.

This matter is of most vital importance to the men, their next of kin and dependents, and we earnestly trust that our request in this connection will be complied with without loss of time.

Signed  
A. J. Logan, Sec. Treas.

### PUBLIC HOLIDAY NEXT MONDAY IN HONOR OF LABOR

Every first Monday in September for a number of years now has been observed as Labor Day by the Dominion and accordingly on that occasion the various labor organizations, which have been increasing in number and strength during the past few years hold demonstrations and celebrations. It is a day for the world's workers.

It is not without significance that there are nearly one hundred separate trade union organizations in Canada. These have a membership of nearly 750,000. These unions when they speak as a body must have tremendous influence in the Dominion. They have intelligent leaders. They speak through the Press and the ballot box. They may hold the balance of power in public affairs, hinder or help the work of the nation. It is entirely fitting, then, that due recognition should be given to "Labor" and that one day in three hundred and sixty-five should be proclaimed a public holiday in its honor of the Dominion of Canada.

The marriage of Miss Emma Leonore Springer of this town to Mr. William Ketchin, of Edgerton, is announced to take place on Thursday afternoon at 3 o'clock at the home of the bride's parents.

BEEF AND BACON  
PROHIBITED TWO

### S.S. CHILDREN HAVE GRAND OUTING AT MOTT LAKE RESORT

The spot chosen for the picnic is the place where the government intends locating a pavilion for picnic purposes. A wooded peninsula thrusts into the lake some hundreds of yards, a delightfully shady foot path leads one to its western tip, where we find an excellent bathing beach. Here a pleasant meadow of some forty yards length furnished an ideal play ground for the little folks. On three sides of the meadow is shut in by the rising ground of the promontory covered with tall trees, on the fourth side is the firm sand of the lake shore. The bathing facilities here could hardly be bettered. The water is free from alkali, the bottom firm without weeds, a few stakes set in to show where to drop to deep water begins would be of use to the non-swimmers, and a raft would be appreciated by the more expert. But even in its natural state on Thursday last, the Western waves of shoving day found dozens of paddlers and swimmers loath to leave their aquatic enjoyment.

Mott Lake in all is about a mile and half long by a mile wide, its shore line diversified by wooded points and curving bays. As a bathing and boating resort it will undoubtedly be much patronized by the citizens of Wainwright district. As yet it lacks fishing as an added attraction, but we understand the government is planning to stock it with the finny beauties. The picnic which was held on

Presbyterian Sunday schools was of a general nature and was largely attended by adults and children, many of whom did not belong to either church.

The arrangements of the outing were in the hands of very capable committees and the splendid success of the day was almost, if not altogether, due to their faithful and untiring efforts.

Parents of children attending these two Sunday Schools are loud in their praises and sincere in their appreciation of the work of the teachers and officers and committees of the schools, who not only give their time unflinchingly on Sunday to the Education of their children but who provided for them at a great sacrifice of time and thought, this splendid outing last Thursday.

### DUTIES OF HOSPITALS COMMISSION

Continued from last issue  
As the Hospitals Commission, as well as the Provincial Commission, have assumed certain obligations towards the Reservists of the Army of His Majesty's Allies, we endeavor, as far as possible, to get full information in regard to them and give them all the advantages of our organization.

By the establishment of these "Returned Soldiers Bureaus", the men returning are assured of the welcome they deserve, and have a Local Committee to whom they can appeal in case of trouble of any kind.

At the outset of the work in the province, it was found that, while the only obligation the Provincial Commission had assumed was that of endeavouring to find employment, there were numerous enquiries both in person and by letter of the most varied nature, directed to the headquarters of the committee. The great bulk of these enquiries had no bearing on their supposed work, and its activities have of necessity become very comprehensive and complex. This is due perhaps to the fact that there was no organization dealing with the problem of Soldiers, other than the Department of Militia, the Patriotic and the Red Cross Organizations and the men's own clubs; and these had each their own well defined functions, so that the offices of the Commission have become a general clearing house for all the troubles of the men returning from overseas, and of the families of those now fighting.

It is the pleasure of the Commission to place their services at the disposal of and to assist in every way possible; those in any way connected with the war, either directly or indirectly, not only as a duty owed, but as a grateful recognition of the magnificent sacrifices made by the men on behalf of the Empire.

#### Employment

This branch of our work has, so far, not presented any serious difficulties. It has not been possible to get the kind of a job men think they should have, but it has been the keen endeavor of all our sub-committees, as well as the Head Office, to recommend and place men only in such positions for which they were qualified by former experience and education, and with due regard to their physical condition.

As soon as men return to the Province, they are carefully reviewed industrially. A file of occupations is also kept in all employment bureaus, so that when application is made by an employer, we are in a position to say at once, whether any man on our list is qualified to fill the position.

The provincial department of education, with the co-operation and assistance of Boards of Trade and other bodies in the Province have undertaken a most thorough and complete industrial survey of the Province, with a view, not only to finding out the present possibilities of absorption of all returned soldiers, but also with an idea of getting full information as to expansion and development of plants now in operation, and also the possibilities for opening up new industries, for which a productive market could be found.

#### Qualities

The Commission endeavor in every way to assist friends and the casualty lists, by getting such information as is possible, and in the case of the missing, a line of communication has been opened up through the International Headquarters of the Red Cross at Geneva, Switzerland.

The Commission handle estates, probating wills for widows and dependents of soldiers who have been killed at the front. These in many cases, present a number of difficulties, as it often happens that not only was the testator killed, but the witnesses as well; but by a change in the "Wills' Act," passed by the Provincial Legislature at its last session, these difficulties have been eliminated, and all soldiers' wills validated.

The Government have also passed an Order in Council, remitting all the court fees in connection with granting letters of Administration and Probating of the wills up to four thousand dollars so that the wishes of the deceased soldier can be carried out without expense to the widow or other dependent.

Very many men have come

back so disabled that the following of their former occupation has become impossible, and the Commission formulated a plan whereby such men were to be given the opportunity of training for some new occupation, suitable to their disability, and so far as possible, in line with their former training and present desires.

In this province, the department of education has co-operated most splendidly, and has placed all its educational facilities at the disposal of the men who require to be re-trained. At the Institute of Technology and Art at Calgary, the government have put in a most complete plan for the teaching of many trades. Men whose education had been neglected are given an opportunity to brush up in general school work, and our foreign born soldiers are given a thorough course in the English language. Others are taking up business courses and qualifying for the civil service; others are taking a course in Agriculture at the department school at Olds, where a most practical course has been instituted, with very gratifying results. All these classes are for the men who are more or less disabled.

There are, however, quite a number of men, who though they have some disability, are yet not qualified for their former occupations, and therefore do not come under the scheme of re-education, as laid down by the Commission, but who nevertheless, are ambitious to better their condition in civil life, and for these evening classes have been established in general educational subjects, business courses and qualifying for civil service.

Branches of the Great War Veterans' Association, with their roomy club quarters are established in Calgary, Edmonton, Medicine Hat, Lethbridge, Red Deer and Wainwright, and there is the very closest co-operation and coordination of interest between the Provincial Commission and these clubs.

It is a very great pleasure indeed, to note the interest the men are taking in the whole re-education scheme, and to observe the almost phenomenal progress some of them are making. It is a very great pleasure in this department of the work, our first teacher had quite a difficult task in getting any of the men interested, and it was necessary to recruit one by one, but each man who became a member of any of the classes constituted himself a recruiting officer and created such an interest in the work, that many others were brought in, and will be, at the completion of their courses, in spite of their disability, as efficient as citizens as they have been soldiers.

Much of the success of the work of the soldiers' Aid Commission in this Province is due to the returned soldier himself, who in spite of the more or less wreck the war has made of him physically and in spite of the almost unbearable mental strain has come back a feeling that he still owes a duty to the state in citizenship and who have responded so splendidly to the efforts of the commission and its agencies in their endeavor to equip him efficiently for his future as a civilian.

### Canadian Horses Sought

Demand is for Light and Heavy Artillery Horses

Nearly three million dollars will be spent in Manitoba by the British government, in buying horses for cavalry work at the front, states Hon. Valentine Whittier, provincial minister of agriculture, who is in charge of the supply men to assist the British Remount Commission. Fourteen thousand horses will be required. Inspections will be held at numerous places in the province during the next couple of weeks. The purchase of these horses, the French and Italian governments will also make large purchases, Mr. Whittier says.

The British Remount Commission is eager to open up the province of Manitoba. General Neil, of the British Remount Commission, and Colonel Carruthers, the Canadian representative, have informed me that the work of purchasing horses of the different types will be taken up and carried on at once. Already there has been one inspection made at Winnipeg, which has proven very satisfactory, making the Remount Commission more eager to secure horses of these types from the province of Manitoba.

"At the present time the demand is for light artillery horses, weighing from 1,250 to 1,500 pounds, 15 to 16 hands high, age 6 to 9 years, price to be \$190, less the cost of shipping to Winnipeg.

"Another class required is heavy artillery horses, weighing 1,500 or over, 15.1 to 16 hands, price \$220 less the cost of shipping to Winnipeg.

"All colors accepted, except white and light grey.

"The president of the French and Italian commissions will also be in Winnipeg for the purpose of looking over the horses and buying. These three commissions have combined to make a Canadian market."

**Mineral Production Increased**  
Canada's mineral production for the calendar year 1916, according to a preliminary estimate just issued by the government, reached a total value of \$177,857,000, an increase of almost thirty per cent. over 1915, and more than \$42,000,000 in excess of any previous year. The four Western provinces of Alberta, Saskatchewan, Manitoba and British Columbia had an output of \$50,000,000. The item bulking the most in value was coal, the output of which was valued at \$19,000,000. Alberta was the second heaviest producer of coal of any Canadian province and British Columbia third.

A lady had the misfortune to lose her reason lately for the reason that she had a call from two boys, the older of whom at once handed her the lost letter. The lady, delighted at the prompt return of her property, offered the boy a shilling for his trouble. The boy refused to accept it, telling the lady he was a Boy Scout, and that no member of his troop would accept a reward for a service rendered. Just as the coin was about to be put back in the purse of the lady, the boy, looking up into her face, suddenly blurted out:

"But my brother's not a Scout."

## Women's Suffrage in Britain

British Women's Long Fight For Votes Is Ended

Great Britain's women have won their long fight for suffrage. The principle was adopted in the house of commons by a majority of 330 votes. Truly this is a time of most unbelievable changes. Today Lord George is the head of a government who dared to cast by an overwhelming majority a bill conferring the franchise on women. During the summer of 1914 Lloyd George was the man who so persistently opposed votes for women at the time the agitation was strongest.

War, an unfortunate leaven, but nothing else than war, in three years could have given to these English statesmen, the correct perspective of women in the social, political and economic world. By bending their every effort to issue the nearest, the successful continuance of the war, the women, not only of Great Britain, but of the world, have succeeded in exempting to the men of the nations their capabilities for training and national service. Mrs. Emmeline Pankhurst, the leader of the women's suffrage movement, has organized an army of 600,000 women on the channels of militancy to the work of the world war, won for them the franchise for which they have fought, and for which not a few gave their lives.

It is not difficult to imagine an entirely different order of things in Britain, since before the war there were 1,000,000 more women than there were men. This majority in population will be increased by many thousands when the war is ended, making women electors the vast majority. Let us hope for the time at least that the new order of things will be a better one. The women of the world have won the right to vote, and the men of the world have won the right to be elected. The women of the world have won the right to vote, and the men of the world have won the right to be elected.

**Guard Baby's Health IN THE SUMMER**  
The summer months are the most dangerous for children. The complaints that are most common are cholera infantum, colic, diarrhoea and dysentery, come on very quickly, and often a little one is beyond all before the mother realizes he is ill. The best remedy is a reliable one. It is called "Baby's Own Tablets." It is a little white tablet, which is sold by all medicine dealers or by mail at 25 cents a box. ### ENJOYABLE VISIT TO IRMA LODGE BY I. O. O. F. NO. 45

The regular meeting of Irma Lodge No. 56, I. O. O. F., last Tuesday evening will be long remembered by all who were fortunate enough to be in attendance. The members of Wainwright Lodge No. 45 attended in a body, having made the trip in cars, and we believe all the cars reached Irma safely, probably with the exception of Brother Bud Simmerman's as Bud was conspicuous by his absence. However, the meeting was a huge success and thoroughly enjoyed by all and will be long remembered.

Among the brothers present from Wainwright were Bros. P. C. Haymes, D. W. Davison, W. C. Bowen, M. H. Pettigrew, R. Kennedy, Roy Conrad, J. A. Little, H. W. McLeod, W. W. Yeager, P. McNeill and H. Archibald.

Towards midnight, when the meeting adjourned, the members and visiting brothers repaired to the Edmonds Hotel where a sumptuous repast was served, which was a credit to the hotel management. The tables were tastefully decorated with flowers and the supper was declared by all to be one of the best ever served in Irma. After supper, the smokers were passed around and the local brothers and visitors fraternized in harmony with that true fellowship which exists only in Odd Fellowship.

In the small hours of the morning the visiting brothers departed reluctantly with the well-wishes of the local brothers and a hearty invitation to Wainwright Lodge No. 45 to repeat the pleasure of their company—Irma Times.

### CHURCH NOTICES

At Grace Methodist Church next Sunday, services will be resumed morning and evening. The pastor, Rev. R. K. Swenerton, who has been away upon his vacation, will return and preach at both services. "The Twenty-Third Psalm and its Message to us Today," will be the subject in the morning, while in the evening the topic will be "The Overcoming Life, How Shall We Possess It?" There will be a brief prelude on "Some Impressions of Chicago."

The Christian church, ever in sympathy with "Labor," takes the opportunity of observing the Sunday previous to "Labor Day" as a day specially appropriate for services and addresses devoted to labor organizations. On that occasion the church gives moral and religious tone to the celebrations in the interests of labor and seeks to show the place of labor in the social economy and the relations of the various classes of society to one another. Accordingly Rev. Thos. Murphy will give a special address on the "Dignity of Labor" on Sunday evening in the Presbyterian church at 7:30. To this service all members of labor unions or organizations are invited. Members of the various railroad unions, mechanical union, Workmens unions and all who believe in the dignity of work should attend the evening service.

At the church there will be the usual Sunday school session at 10 o'clock and the morning service at 11.

### SHOOTING FOR GEESE, DUCKS OPENS SEPT. 1ST

The shooting season for wild geese and ducks opens on Sept. 1st and while the official date for the close is set at Dec. 15th, the season will really end with the coming of the ice upon the lakes. The legal limit states that not more than 30 ducks shall be killed in any one day by any one person nor more than 200 ducks shall be killed in one season by any one person.

No partridge or prairie chicken shall be killed in the province before Oct. 1st, 1918. There is no open season for these birds this fall.

The only shore birds that may be killed are the black bellied plover, the American golden plover, Wilson's snipe, the greater yellow legs and yellow legs, the open season for which is from Sept. birds are protected. Swans and cranes are protected for ten years under the international treaty with the United States.

Game guardians and travellers report plenty of ducks and geese. The international treaty abolished the spring shooting of ducks and geese and this has tended towards a marked increase in the mating and raising of large quantities of young ducks in the lakes and sloughs of the northern part of this province for the birds were not disturbed in the spring.

Licenses can be had from P.E. Ross, Magistrate. The fees are \$2.25 for a resident's bird game license; \$2.50 for resident's big game license; \$1.00 for a resident farmer's big game license; \$5.00 for non-resident's bird game license; and \$25.00 for a non-resident general game license. The limits on the number of big game allowed to any one person is the same as last year.

### MORE MEN WANTED IN ARMY MEDICAL CORPS AT CALGARY

Probably few people in every day life realize just what position the Army Medical Corps occupies in the gigantic military machine, now fighting against Germany.

Many have the idea that when the fighting is all over, the stretcher bearers proceed to the field of battle, and pick up the wounded, in safety, and that this work comprises practically the sum total of the efforts of the corps in question. Such, however is not the case.

True it is that the men of the A.M.C. do pick up wounded on the battlefield, and give their wounds under the circumstances, but often this work is done under the greatest difficulty and danger. Shells and bullets are no respecters of persons and the red Cross men are constantly exposed to danger, and without the thrill which helps to keep men of the fighting units up under the stress of battle. But as previously mentioned, there are many other lines of endeavor which are looked after by the men in this arm of the service. Among others are the field dressing stations, collecting depots, Field Dressing Stations, etc. H.A.

Field and base Hospitals and motor ambulances. Another very important branch is the sanitation. When one considers the freedom from disease which is enjoyed by our armies today, and compares this record with that of previous wars, the efficiency of this branch of the A.M.C. will be readily appreciated.

Every month 100 men are called for from Canada, for service with the Army Medical Corps overseas, and of this number Alberta is called on to supply 40. This is a tribute to the training Depot No. 13, which is now carried on at Sarcee Camp. The work, which is of an interesting nature, and likely to be useful to anyone in after life, includes squad and company drill, physical training, stretcher drill, first aid, bandaging, and the supervising of phasis is laid on first aid to the injured, and lectures, as well as practical instruction in this work, are given by men who know this subject thoroughly. There is at the present time, a greater need of men than ever before, for this Corps, to cope with the ever increasing casualties in the Canadian Army now doing its part in the forcing back the Germans on the western front.

We would appeal to men of average intelligence, and physically fit, whose circumstances will permit, to come with us, and render their services, not only to the cause of the Allies, but to the ever greater cause of humanity. The Recruiting Headquarters of the C.A.M.C. at Sarcee Camp is ready and anxious at all times, to give any information to men who are interested.

FOR SALE—3 heifer calves and one good milking cow. On account of owner ill health, these animals must be sold. Apply to Fred Skinner, 8th Ave East. 3, 44, 45

### EDGERTON NEWS

Miss G. McPherson is leaving this district for Orion this week.

Rev. Vernon Miller is attending Presbytery Meeting at Islay on September 4th.

Mrs. Sawyer is expecting her sister and family for a visit from Schreiber, Ont.

The local Presbyterian services for Sunday, September 2nd, only, will be altered as follows: Dole 11 a.m.; Bloomington Valley 4 p.m. Prospect Valley 7 p.m.

A local sign board announces "Edgerton where the crops never fail—no hail!" The old timers recall the days when there was no rail, no mail, and no trail.

We deeply regret to hear that Mrs. Arthur Warrington has now received the news of the death of her husband at the front.

It is proposed to re-organize the Literary Society for the winter very shortly. The success of this presidency of Rev. G. H. Backus promises well for the coming season.

We are told that bowlers are exempt from appendicitis. This fact may encourage the few who have not yet suffered from this complaint, to try their luck at the new bowling alley.

The harvest is well advanced in this district, most of the wheat is cut and the farmers are far more optimistic about the yield than they were a few weeks ago. In spite of the drought, the grain seems to have filled out well. The frost on Sunday night did little damage except to late oats.
